Why we need new uniforms?

Pride in our community starts with supporting our youth. The schools take care of the reading, writing and math skills but who teaches them the ‘soft skills’ that are critical for them to become readily employable adults that contribute to our community. The ‘soft skills’ include leadership, teamwork, time management and collaboration. Marching band helps a student develop the ‘soft skills’ as well as fostering a sense of pride in our school and our community.

The Marching Dukes of Marlington is a proud community tradition. Of course, the Marching Dukes can be seen every Friday night at the home and away football games; however they also proudly represent our community at parades and other community events. Did you also know that our Marlington band is a competition band? They qualified for the state competition two years running before our Covid school year. One more way they are representing our community. However, in order to keep our Marching Dukes looking their best, we need new uniforms.

Why do we need new uniforms? Our uniforms are over 10 years old, which is when they need to be replaced (8-12 years). Due to the age of the uniforms, more and more repairs are needed. This last year there were no extra hats and last minute repairs on the hats were commonplace. Every year more uniforms need replaced and the purchase of individual uniforms is becoming very costly. It is time to update our uniforms and our look as we continue to represent the Marlington Schools and our community!

The Boosters are a 501c3 non profit organization and are able to issue a receipt for your contributions that may be used as a tax deduction.

On behalf of all of the band students, directors and boosters - Thank you for taking an interest in our program!

Unity,
Integrity,
Legacy...
“Sponsor My Uniform Campaign”

Marlinton HS
Alliance, OH
18-1378

This is the prototype uniform. There will be slight differences on the final uniform.
